TRUTH ENDURES BEHIND INDIGO EYES

Like the allure of a darkening harvest sky, indigo eyes entice and offer insight to what is true. Truth that life is ever-changing, just as wine changes forever in the bottle. We invite you to sit back with a glass of Indigo Eyes, embrace the flow of life and find your truth.

MERLOT

This Merlot is calm and soft on the nose with hints of cocoa dust, mushroom, and grape leaves. Light to medium-bodied, you will discover upbeat notes of black raspberry, mixed dark fruits and mint with an underlying kick of cassis. Displaying structured tannins and a long, velvety finish of rosemary and black licorice, you would enjoy a generously poured glass with roasted beet salad, twice baked potatoes, and garlic rosemary pork.
