## TRUTH ENDURES BEHIND INDIGO EYES

Like the allure of a darkening harvest sky, indigo eyes entice and offer insight to what is true. Truth that life is ever-changing, just as wine changes forever in the bottle. We invite you to sit back with a glass of Indigo Eyes, embrace the flow of life and find your truth.

## SPARKLING ROSÉ

This gorgeous rosy-pink, blushing sparkler radiates sugar-sprinkled orange and plum aromas from its festive, delicate bubbles! Notes of wild strawberries and apple tart grace the palate with a smooth, creamy mouthfeel provoking undertones of crème brûlée, candied ginger, and spiced molasses. We recommend trying it with aged cheeses, seared fish, and light pasta dishes.
